ABOUT US

With a modest beginning in the business starting from the year 1992, passionate leadership has made us emerge as a group of companies offering turnkey solutions to various industries under one umbrella. With main expertise in steel fabrication, the group expanded its areas of business by collaborating with specialists to formulate designated companies to provide specialized services for each sector of the industry.

Today we have our presence in Middle East and East Africa. The rapid growth in a short span of time proves our quality, our service and our commitment towards our projects and our esteemed clients. Over a decade, we have not only just explored new territories but also, we take pride in serving different industries such as oil and gas, refineries, infrastructure, water distribution networks, industrial projects and marine works.

With a settled team of experts, experienced as well as energetic talents, we ensure high quality in our projects. We keep a close eye on the evolving technology and use of the latest technology to ascertain the improvement in the quality and efficiency at work.

OUR VISION

To be a leading technology driven turnkey solution providers better known for the quality and commitment

OUR MISSION

Quality oriented customer satisfaction is our mission. We aim to be the most trusted service providers in the industries we serve by delivering high quality projects consistently

KINETIC EPC SERVICES

Kinetic EPC based in Sharjah, UAE has expertise in structural steel fabrication works, instrumentation and automation works. We carry out industrial projects in the fields of oil and gas, Refineries and Blending Plants, Industrial Warehouses and Sheds etc.

Our Expertise are:

- Bulk Oil Storage terminals and piping
- Aboveground and Underground Oil Pipelines
- Industrial Sheds and Warehouses
- Blending Kettles for Lubes, Paints and Chemicals
- Pressure vessels, Reactors and Heat Exchangers
- Structural Steel Works
- Insulation and Cladding
- Instrumentation and Automation for Plants, Refineries and Terminals

KINETIC ENGINEERING and CONSTRUCTION COMPANY

Kinetic Engineering and Construction Company is one of the largest contracting companies in Somaliland capable of handling turnkey projects in different sectors. It was established in 2016 with the aim of exploring vast opportunities in East African countries. In a period of over 10 Years, the company established itself as one of the most reputed and respectable names in the country in areas of oil and gas, water distribution, industrial constructions (warehouses and sheds), infrastructure and road projects, offshore and marine projects.

KEC has now its operations in Somaliland and South Sudan. KEC is serving following industries in East African countries for past 4 years:

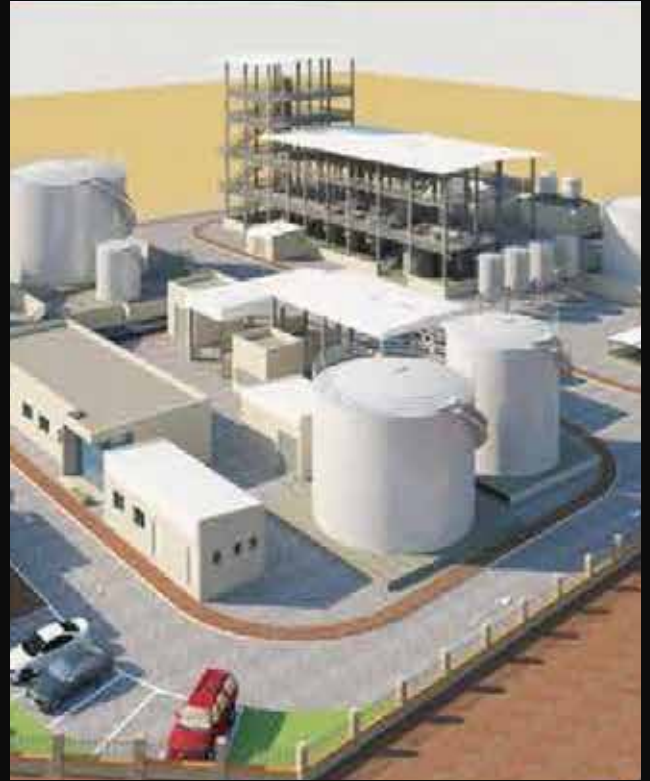

- Oil and Gas Industry.
- Infrastructure and Road Projects.
- Offshore and Marine Projects.
- Commercial projects.
- Water Distribution Systems.
- Industrial warehouses and sheds.
- Plants and refineries.
